TIPS FOR HOMEOWNERS

- Let the neighbors know you'll be away and give them your sitter's cell phone in case of emergency.
- Store away any breakables or valuables. If there are pets present in the home, please secure any items which the pet may damage or may be a hazard to the pet.
- Let your sitter know if any rooms are off-limits and whether they should help themselves to anything in the fridge.
- For overnight stays, set out extra linens and towels.
- Your sitter will be a guest in your home, and a good one. We will leave your home as we found it and care for it as we would our own. We appreciate the trust you've put in us.
